Contracts for Schools Case Study

St John's CE (VA) Junior and Infant School

Relationship with YPO

“We were looking to procure an MFD leasing contract and had quite a short timescale to achieve this. The options available from YPO were explained clearly to us along with the timescales for the different parts of the process.”

Challenge

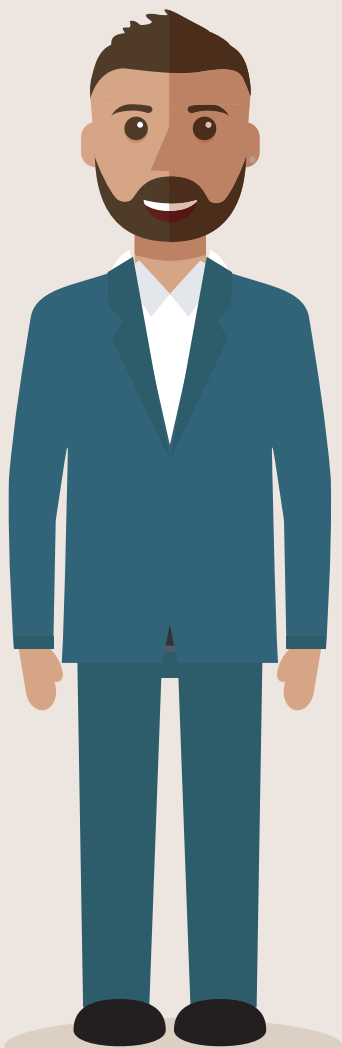

“Receiving like for like quotations has, historically, been one of the biggest challenges we have faced when procuring goods and services ourselves. This causes difficulties when choosing a supplier if the information provided is not consistent.”

Solution

“YPO provided a specification spreadsheet to be completed, which captured all the key information which would be required to enable us to make an informed choice when choosing a new supplier.”

Experience

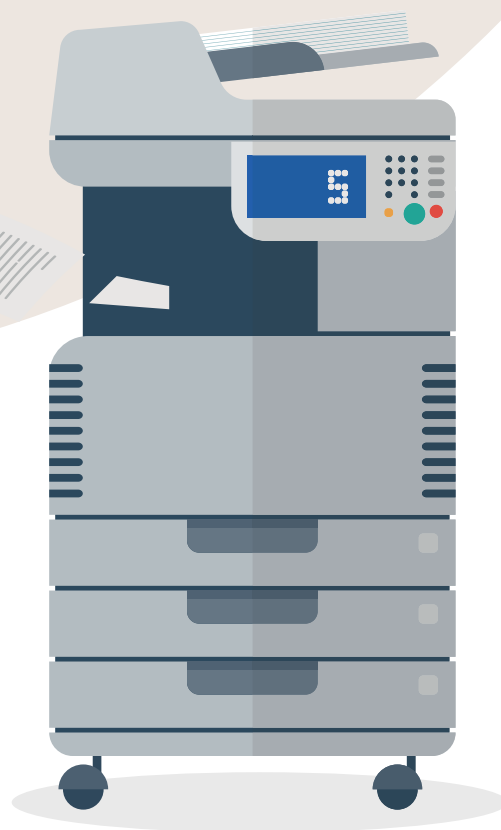

“The process went very smoothly with good support from YPO. The team were very easy to work with and extremely helpful. We were kept informed of progress and the timescales that were set at the start, were adhered to.”

Result

“Using YPO has saved us time and effort and has enabled us to procure our devices within a relatively short timescale, whilst being confident of achieving value for money.”
