

Better value, delivered.

Why YPO

YPO has been providing savings to the public sector since 1974. Through our unique combination of procurement expertise and knowledge of food service provision, we are able to provide a single reliable source for all your food, catering and facilities management requirements.

We are committed to delivering procurement solutions that are EU compliant, easy to use and help you achieve best value, making it simple and straight forward for you to save time and money. We also work closely with school, social services and local authority catering teams to tailor our service to meet your requirements.

Key benefits

- ▶ All of our contracts fully comply with procurement rules and regulations.
- ▶ We work closely with suppliers to deliver better value for you.
- ▶ You save time and money through not having to run your own tender.
- ▶ Support is available every step of the way from our expert team.
- ▶ We are 100% public sector owned - all our profits are returned to the public sector, providing even better value.

Better value, delivered.

Food, Catering & Facilities Management

Groceries & Chilled Food

YPO delivers food products to over 3,000 customers from our dedicated warehouse. Our customers include academies, schools, colleges and social care across most of England.

Our comprehensive range includes more than 900 groceries, a large range of school compliant juice drinks and a core range of chilled products.

YPO only stocks top quality branded food products, giving you the security and confidence associated with big brands. We also work closely with suppliers to provide you with competitive pricing, proven to save our customers money.

If you would like to discuss buying food from YPO, contact our team on food@ypo.co.uk or 01924 885 913
